Ceramic and Crystal Lighting Sculptures

Spina's award winning atelier, constantly creates contemporary designs for beautiful interiors across the world.

With all work being produced by hand, Spina creates the finest accessories and pieces of passementerie, hallmarked by the special use of precious materials – feathers, crystal, coral, silver, silks and Alcantara.

The exquisite tie-back collection is now complimented by lighting sculptures, cushions and even footstools, that act as jewellery for the home.

Commissioned by the major interior designers and constantly featured in the best interior pages, Spina really is the name in ultimate luxury.

When Spina's passementerie is used to adorn curtains, antique furniture, window blinds, handles or as a sculptural accent, Spina designs create a flavour of luxurious decadence and a timeless elegance.

Spina specialises in working alongside the client, interpreting your ideas, your colours, so that we can then achieve something especially unique for you.

The celebrated giant Spina tassel 'Gargantua', as shown in London and displayed in New York's Fifth Avenue, is beautifully adorned with 8,000 pieces of Swarovski crystal. Probably the largest authentic tassel ever created using pure passementerie techniques. A stunning example of the best of Spina craftsmanship and design – the Spina hallmark.
